# LASER CLEANING SERVICE

**BUILD TRUST, PREVENT CONTAMINATION, STAY COMPLIANT**

- **Build Trust:** Our customer loyalty program showcases your commitment to cleanliness by displaying a cleanliness badge directly on your website, UberEats, and Google, strengthening customer trust.
- **Prevent Contamination:** Laser cleaning effectively removes rust, grease, and buildup from flat-tops, grill hoods, and pots & pans, reducing contamination risks while extending equipment life by up to 50%.
- **Stay Compliant:** Our eco-friendly, chemical-free process reduces fire hazards, meets health code standards, and ensures a safer, compliant kitchen environment.

# WHY-LASER CLEANING?

Laser cleaning ensures commercial kitchen surfaces are thoroughly sanitized by removing all contaminants. It protects your equipment while preventing harmful residues from entering customers' food. This method provides a cleaner, safer kitchen and boosts food safety standards.

Laser cleaning uses high-intensity beams to remove contaminants like rust and grime with precision. Unlike traditional methods, it's non-abrasive, targeting rust accurately without damaging the surface, making it safer for preserving underlying materials.

# THE SCIENCE OF **LASER CLEANING**

## The Brisket House
